-You can easily adjust the height of the desk between 27¼" and 47¼" by just cranking the handle and get the best position for both sitting and standing.  
-Changing positions between sitting and standing helps you move your body so you both feel and work better.  
-The neutral beige color is kind to your eyes when you work on your laptop since it makes the contrasts softer between the screen and tabletop.  
-Comfortable for left- and right-handers, as the crank handle can be mounted on the left or right side.  
-The crank handle slides in under the table top when not in use for a clean, uncluttered look.  
-Adjustable feet make the desk stand steady also on uneven floors.
